

Eastchester Union Free School District

Ms. Mari K. Doyle, Principal
Waverly School

January 11, 2019

To Prospective Parents:

Calling parents of the class of 2032! My name is Mari Doyle, and I am the principal of Waverly School. I am writing to encourage you to register your school-age child now for kindergarten.

Allow me to tell you a little about Waverly. It's truly a wonderful place. It is where youngsters come to learn and explore, have thoughtful conversations, make friends, make mistakes and grow. Our outdoor classroom is underway and should be up and running in the spring. We are very excited to welcome our newest students to this exciting new learning space.

This coming May, we will have two orientations for registered families. During these sessions, parents will get to learn about our phenomenal school, and children will visit and play in our kindergarten classrooms. **These special sessions are only for families whose children are registered, so please take advantage of this informative time.**

Once again, if your child is turning five by **December 1st, 2018** and you reside in Eastchester, I'd encourage you to register your child now. Please click on the link below to access our registration portal for registration information and necessary forms:
<https://district.eastchesterschools.org/m2/mod/dataform/view.php?d=1&view=1&ids=80&ret=9>

I look forward to seeing you in May.

Most Sincerely,

Mari K. Doyle
